# VISION 10-11-12 Life Group Questions

**Reflect:** Read Mark 6:33-44. What lesson was Jesus teaching the disciples? View the story from the young boy's perspective. Do you think he knew arriving there that his loaves and fishes would feed so many? What do we learn about Jesus in this story?

Read Mark 8:13-21. (Notice in verses 1-9 Jesus just fed another 4,000 with seven loaves of bread). What were the disciples worried about in the boat? What was Jesus' response? What truth about Jesus should the disciples have learned by now in regard to His ability to provide what is needed?

**Discuss:** If you have been at Auburn Grace for a while how have you seen God use our church in the past to accomplish something significant?

What do you think about the TEN projects included in VISION 10-11-12? Do they excite you, confuse you, or overwhelm you?

Does the dollar amount (11 Million) sound incredible and overwhelming, why or why not?

**Pray:** Pray that the doors that need to be opened to accomplish VISION 10-11-12 will be opened. Pray that the missionaries within our church will be revealed. Pray for the locations of new church plants to be identified. Pray for all the needed resources will be provided by God in His way and in His timing.
