## IMPACT WEEKEND

## **Sunday Notes**

Panel Interview Notes:
Who is someone I can be proactive about building a relationship with
What is the next step in that process?

Life Group Discussion Questions – August 15, 2021

It is our church's desire to see a love for lost and hurting people become a stronger part of our DNA. As an attempt to accomplish this, we just held our 'Impact Weekend'. Saturday we held a conference focused on 'Love is an Action' and Sunday we presented a panel discussion that included people actively involved in making Jesus known throughout our nation. Here are some group questions to discuss these ideas.

- 1. If you attended the Saturday 'Love is an Action' conference, what was an insight or commitment you walked away with?
- 2. Share a recent experience where you have loved on someone outside your family, or shared Jesus with them?
- 3. What do you think are the greatest barriers to loving people different than you?
- 4. The panel discussion on Sunday morning shared a variety of ideas and situations where God might use us to make a difference. What insight or commitment did you come away with from Sunday morning?
- 5. How can we pray in such a way that the Lord would increase our love for hurting and lost people?
- 6. What action step can our life group do together to love on hurting or lost people? Let's plan it out and put it on the calendar.
- 7. How many lost or hurting people can you name by name? What is the next step in helping those people experience the love of Jesus?
